## GRANDS CRUS

Only the 51 best Terroirs of our region can pretend to the AOC GRAND CRU appellation. In Bergheim, these are delimited hillsides, with some very strict production rules are named ALTENBERG DE BERGHEIM and KANZLERBERG.

### Kanzlerberg

Renowned since the 14th century for the exceptional quality and good ageing potential of its wines, the **Kanzlerberg** is the smallest Grand Cru vineyard in Alsace. Oriented South and South-West, its soil, unique in Alsace, is composed of Marl-Gypsum which confer fineness and delicate salinity.

- Riesling
- Pinot Gris
- Pinot Gris Fût de Chêne

### Altenberg de Bergheim

Gustave Lorentz owns one third of the **Altenberg de Bergheim** vineyard, renowned for its fine wines since the 13th century. Exposed full south and benefiting from a warm and temperate micro-climat, its clay-limestone soil and southern exposure allow a good maturation of the grapes giving an exceptional richness to these wines.

- Riesling
- Pinot Gris
- Gewurztraminer

## RÉSERVE

- Sylvaner
- Pinot Blanc\*
- Muscat
- Riesling\*
- Pinot Gris\*
- Gewurztraminer\*
- Pinot Noir

\*Available in 37.5cl and 150cl

## CUVÉE PARTICULIÈRE

Sourced from the best located vineyards from our grape suppliers, a subtle combination of grape variety and soil: gourmet wine, complex and well structured.

- Muscat
- Riesling
- Pinot Gris
- Gewurztraminer
- Pinot Noir
- Pinot Noir Fût de Chêne

## VENDANGES TARDIVES / SÉLECTION DE GRAINS NOBLES

When the weather conditions are favorable, we are taking the risk of keeping some grapes of Riesling, Pinot Gris or Gewurztraminer on the vines until the beginning of November in order to produce these exceptional wines. The grapes are then hand picked when over-ripe, producing a very concentrated wine, with a very surprising ageing potential.

- Riesling
- Muscat
- Pinot Gris
- Gewurztraminer

Concentrated by the "Noble Rot", individual grapes are harvested in successive pickings. The character of the grapes variety is overshadowed by the concentration, resulting in powerful wines of great complexity and exceptional length on the palate, truly masterpieces of viticultural art. These wines are very rare and have a very long ageing potential.

- Riesling
- Pinot Gris
- Gewurztraminer

## EVIDENCE

Reflects the respect we have for our biodiversity with the aim to produce higher quality grapes. Expressive organic wines, dry, mineral and pure fineness.

- Pinot Blanc\*
- Riesling\*
- Pinot Gris\*

- Gewurztraminer\*
- Pinot Noir

## "LIEUX-DITS"

Produced from a specific geological parcel of vineyards, these wines are full of character, very precise, expressing the true personality of their "terroir".

- Riesling Lieu-Dit Burg
- Pinot Gris Lieu-Dit Schofweg
- Gewurztraminer Lieu-Dit Rotenberg

## PINOT NOIR LA LIMITE

Coming from a parcel on the edge of the Grand Cru Altenberg de Bergheim, "**La Limite**" was the object of great care in order for the grapes to reach optimal maturity.

A two-week long maceration and a new «barrique» ageing have allowed complex red-fruit aromas to develop. This wine is rich and harmonious on the palate, showing a delightful silkness and structure.

## RIESLING ADDICT 1.23

**Addict 1.23** is the pinnacle of the excellence and wine making skill of Gustave Lorentz. Produced from a strict parcel selection on the Grand Cru Altenberg de Bergheim, this nectar is a rare and unique cuvée.

After a slow fermentation in new half-hog-heads, 25% of this wine is kept on its lees in the barrel for nine months to reach a very refined oaked character.
